# WELCOME

The attention for the guest is accompanied by sustainable management. We consider the environment and our social responsibility in everything we do. These principles go hand in hand with high quality, good business results and our position as one of the best Dutch conference hotels.

The 40 meeting rooms, 16 plenary rooms and 24 discussion rooms are effectively and comfortably equipped. Each of the four units has its own luxurious lounge and terrace. This set-up offers exclusive use of a specific area of the building. The estate offers excellent opportunities to organize corporate retreats, outdoor meetings and product presentations.
