Welcome to Haymarket

THE HOTEL THAT
GOES BEYOND

The classic PUB-building at Hötorget in Stockholm has now been radically transformed into a new, iconic hotel destination. We are proud to present Haymarket – a hotel combining classic touches with an unexpected modern twist: The Roaring Twenties for the era to come.

Situated amongst concert venues, cinemas and shopping malls, the impressive entrance welcomes anyone looking to experience a world characterized by opulence and elegance. As you enter the art deco inspired foyer, you quickly realize that this beloved, historic building is so much more than just a hotel.

An extravagant staircase draws your eye upwards to the open kitchen and restaurant, where an after work drink with your friends effortlessly turns into dinner and a weekend that you wish would never end. All the comforts of an exceptional hotel stay are enhanced with endless new and exciting experiences. On our flexible event floor anything from a fashion show to a movie premiere could be underway.

You don't have to be an expert to appreciate the contrasts in Haymarket. The classic and chic are effortlessly combined and the hotel rooms celebrate this fusion of past and present; the sophisticated and urban.

The café is where smoothie sipping bloggers can share their tables with tea drinking ladies, and American is where both international guests and locals alike can enjoy our mixologists' refreshing take on drinks, including both classic tipples and original cocktails.

But perhaps the best part is that you're not just enveloped by both the elegant and hip, but also a sea of smiles by our staff and guest as well as a genuinely inviting atmosphere. And you think to yourself: this is what every hotel experience should be like.
